

Giovanni Valenti

University of Bologna

City where you work: Bologna

Your favorite subject at school: electrochemistry

Your favorite movie: La Haine, Do the Right Thing

Your favorite book: Norwegian wood

Hobby: I have a 4-year-old son I have no free time except with him. I love cooking

Your life in three words: research, travel, play

EDUCATION PhD

RESEARCH FIELD Chemistry

POSITION Professor

AN OBJECT TO BRING ON A MISSION My cup

TELL US ABOUT YOUR RESEARCH I'm passionate about electrochemistry and the application of electrochemical tools for study molecules and nanomaterials, for light generation (electrochemiluminescence), for early diagnosis (biosensors) and energy application (CO₂RR, HER, OER).

TELL US ABOUT YOUR TYPICAL DAY AT WORK My day? Meetings, meetings, exams, lecture, more meetings... and finally, at the end of the day, I get to unwind with some experiments—my version of relaxation!
